RE: Musto Exploration Limited
St. George Mining Company
Apex Mine
Washington County, Utah

Dear Mr. Klingman:

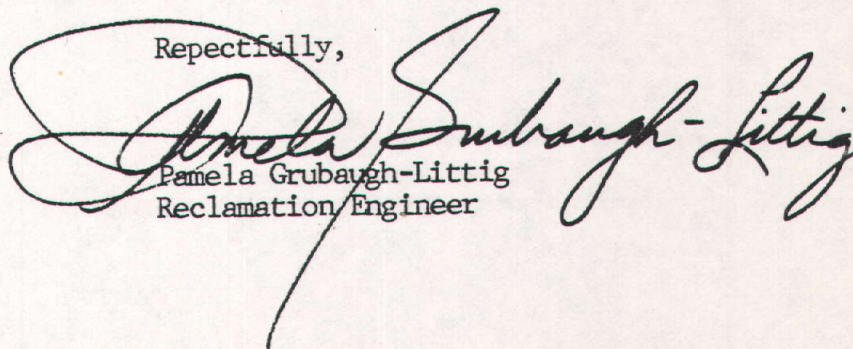

I recently read about the possibility of your company bringing the 60-year old Apex Mine back into production in the Management Digest of the Utah Mining Association.

The Utah Mined Land Reclamation Act was passed in 1977 and thereby requires a Mining and Reclamation Plan (MRP) for every mining operation in the State of Utah. This MRP must be approved by the Board of Oil, Gas and Mining and a reclamation bond must be posted by the operator. A mining permit is then issued.

I am sending you a copy of the regulations that you must adhere to in your MRP. No mining may begin without the mining permit. I am also sending you a MR-1 form that must be completed.

If you have any questions, please feel free to call me.

Respectfully,

Pamela Grubaugh-Littig
Reclamation Engineer
